Daniel G. Stoddard is site vice president-North Anna Power Station. A 1984 graduate of the U.S. Naval Academy with a bachelor's degree in marine engineering, Stoddard earned his master's degree in nuclear engineering from the University of Virginia. Prior to joining Dominion in July 2006 as director-Nuclear Station Safety & Licensing, Stoddard was plant general manager at Progress Energy's H.B. Robinson nuclear station in Hartsville, S.C. He held several positions at Robinson starting in August 1992. As a member of the U.S. Navy, Stoddard served as commissioned officer and master instructor at the U.S. Naval Academy from 1989 to 1992 and as a commissioned officer on the USS James K. Polk from 1987 to 1989. Stoddard is a licensed professional engineer and a member of the American Nuclear Society. He and his wife have two sons and live in Richmond.
