

Technical Tour

September 30, 2021, 6 – 7 pm EDT (Rescheduled!)

Dominion Energy, Corporate Emergency Response Facility

Please join us for our first in-person meeting in over a year on a technical tour of Dominion Energy's Corporate Emergency Response Facility (CERC). Our guide will be Sammy Bawab, Emergency Preparedness Specialist III at Dominion Energy. The tour will be followed by a social at Capital Ale House (please feel free to join us at the social if you cannot make it to the tour).

All attendees are required to comply with Dominion Energy's current safety guidelines regarding masks and social distancing at all times while at a Dominion Energy facility. Visitors must also complete a self-screening before entering a Dominion Energy facility (also found in attached PDF). The self-screening is easily accessible using a QR code posted at most of the building entrances. **All tour attendees, regardless of vaccination status, will be required to wear masks/face covering and practice social distancing at all times while inside.** Please review [this pdf](#) for a guidance on Dominion Energy's safety guidelines.

Where

Dominion Energy Corporate Emergency Response Facility
Dominion Energy Innsbrook building, 3rd Floor
5000 Dominion Blvd.
Glen Allen, VA 23060
Capital Ale House – Innsbrook Shoppes
