

Nuclear Engineering Camp

University of Missouri-Rolla

July 2007

Christina Dillich

About The University

- Soon to be: Missouri University of Science and Technology
- Owns and runs a small nuclear reactor
- Recently received \$375,000 grant from Department of Energy (DOE)
- Ranked 118th for best colleges in the United States(2008)

Project: Next Generation Reactors

- Each person in our group researched a different type of Generation IV reactor
- My reactor was the Lead Cooled Fast Reactor (LFR)
- After researching we put all our work together
- Each group presented their work in a power point at the end of the week

Trip To Callaway

- Our second day at camp we took a day trip to the nuclear reactor Callaway about two hours away in Fulton, MO
- At Callaway we had a guided tour to almost every part of the reactor
